## CONFIRMATION

We confirm that the plastic parts of our EcoLine edding 21, 22 and 25 are currently made of at least 90% recycled material. Thereof are 83% made of post-consumer recycled material. The labels are made of paper.

We furthermore confirm that our EcoLine edding 21, 22 and 25 are refillable with our edding refill bottles.

Additional there are also spare nibs available.

edding International GmbH, NL Bautzen

A handwritten signature in blue ink, appearing to read "D. Mihorczuk". The signature is stylized and includes a large loop at the end.

Daniel Mihorczuk
