

ERGOBOX

Practical and ergonomic functional storage module: The must-have for flex office and teleworking

2 modules can be separated to create a real mobile workspace

5 integrated compartments for notebook, laptop, keyboard, tablet, pens, mug

Self-locking handle that ensures optimum support for your belongings

1 variable height support for computer and tablet
(3 levels of inclinations - height of the top of the screen from 36.5 to 40.6 cm)

- Possibility of placing the two modules one on top of the other to benefit from an additional height. (height of the top of the screen 43 cm)

Ideal for people working in flexible working environments or at home. Move around with your ERGOBOX thanks to its self-locking handle, and take advantage of the various storage spaces to work wherever you like

Take advantage of an ergonomic, height-adjustable screen riser to work in the best conditions. The product's size is optimized for easy storage in a standard locker.

Quand le beau rejoint l'utile

Practical and ergonomic functional storage module: The must-have for flex office and teleworking
